Just an observation between this email and the one from last week. I'm hoping that Stan's efforts are a simple supplement to what the Navy has been pursuing and nothing too significant. It would be disappointing if these are really new leads following such a short effort by him.

Ms. Fly,

Below are the contacts for Nassau County and NYS DOT. I gave the State your contact info so you may be hearing from them.

Attached is a map with code labels for the owner (NC = Nassau County; S = State; PVT = Private; TOB = Town of Oyster Bay). Note- some of the private basins are owned by water districts. There are several very close to the two properties I provided last week.

Nassau County Contact:
